Below-Market Rental Housing Opportunities: FAQ's

The City encourages the construction of affordable rental housing by allowing special consideration for projects which provide rental apartment units at below-market rent (BMR) levels. There are currently approximately more than 1,000 BMR rental housing units in Pleasanton.

What rents are charged for BMR apartment units?

Rents for BMR units are based on a percentage of the Area Median Income (AMI) for the Alameda County area as determined annually by the U.S. Department of Housing & Urban Development (HUD). The current maximum income levels, which are updated annually, and corresponding maximum rents are listed on Page 5.

It should be noted that BMR rents are not based on each individual household's income but rather on the applicable percentage of the AMI designated for each unit required by the affordability restrictions on the property. The actual rents charged under the BMR program may not exceed the maximum rent amounts shown on Page 5.

Do I qualify?

In order to qualify to rent a BMR apartment, your income must not exceed the median household income levels designated on the property. The current maximum annual incomes (by household size) and corresponding maximum rents (by unit size) are found on Page 5. As discussed earlier, income and rent levels are adjusted annually based on the most current income limits published by HUD. Also, some developments are restricted for rental by low-income seniors (age 62 and older).

Whom should I call?

Leasing is handled directly by the property owner/manager, not the City, for each apartment complex.

Contact information for apartment complexes with BMR rental units is listed on page 6.

For additional information on the BMR program and participating apartment complexes, contact the City of Pleasanton Housing Division, 200 Old Bernal Ave., P.O. Box 520, Pleasanton, CA 94566 at 925-931-5011 or at housing@cityofpleasantonca.gov.

The Oakland-Fremont FMR Area includes Alameda and Contra Costa counties. Maximum annual income and monthly rent levels are shown for five different income categories: 1) 50% of median, 2) 60% of median, 3) 80% of median, 4) 100% of median, and 5) 120% of median.
